GENERAL NEWS.

Escape of Reinhold Holzshay, the Gogebio Stage Robber, Murderer and General Bandit.**Serious Collision at Sea, Fortunately Without Loss of Life—A Failure that Will be Felt.****Down Goes the Sugar Trust—Four Million Dollars Knocked Out of Its Certificates in One Round.****Escape of Reinhold Holzshay.**

DETROIT, Mich., Sept. 27.—A special to the News from Bessemer, Mich., says: Reinhold Holzshay, the train robber, stage robber, murderer, burglar and general bandit, who was captured a few days ago at Republic, has just escaped from the county jail here along with several other prisoners. A general hue and cry has been raised, and the sheriff is calling upon every man he can reach in city and county to take the trail of the desperate fugitive. If he is not overhauled at once, blood-hounds, which have been telegraphed for, will be put upon his trail, and should he make any resistance when overtaken it is likely he will be killed. The most intense excitement prevails, and the people are responding unanimously to Sheriff Foley's request to turn out. Telegrams have been sent in every direction notifying officers of the escape.

Collision at Sea.
NEWPORT, R. I., Sept. 27.—About eight o'clock last evening, off Schuylers light, twenty-four miles from New York, the steamer Providence, of the Old Colony Line, collided with the three-masted schooner Avis, Captain Parson, from St. John for New York. The Avis struck the steamer just forward of the starboard paddle-box, ripping out thirty feet of the upper deck and taking out one of the sides of the vessel. The Providence was anchored and sent out two boats, which conveyed the schooner's crew to Hart Island. She reached here all right this morning, the sea being calm. The passengers in the starboard staterooms were terrified, but some on the deck did not know of the collision until morning. One stateroom floor was ripped out and the old lady occupant fell through on her bed to the deck below, landing uninjured and not much frightened. The steamer's pilot asserts that the schooner displayed no lights.

A Failure That Will be Felt.
PHILADELPHIA, Sept. 27.—The failure of the Farmers' Loan and Trust Company of Kansas will be severely felt in this city. Fully \$100,000 of Philadelphia people's money was invested in the concern. The company is also responsible for the principal and interest of over \$200,000 in mortgages held in and around Philadelphia. The company suspended because it was unable to meet guaranteed interest on Kansas land mortgages. It is thought the liabilities will wipe out its capital of \$500,000. The American Wool Reporter of Boston says that Eastern directors of the company have concluded that it is impossible to place the concern on a secure financial basis. J. G. Lightfoot, Jr., the agent of the company here, declares that the capital stock of the company is only impaired to the extent of \$25,000. He further declares that so far as he knows the company had not failed, as the interest due to Philadelphia mortgages had been paid up to last month and he was expecting remittances to meet the obligations falling due.

Down Goes the Sugar Trust.
NEW YORK, Sept. 27.—Holders of Sugar Trust certificates were filled with dismay at the course taken by their securities in the market to-day, and there is little doubt that many of them will be heavy losers before the day closes. In the two hours following the opening of the exchange \$4,000,000 of the market value of the certificates had been wiped out. No attempt was made to support the value of the certificates. The first sale was at \$5 against 90, the closing price last night, and in the face of a strong market for railroad and other securities the price declined until it touched 83. Then covering by the speculators caused a slight reaction, but the rush to sell was soon begun again, and lower prices were reached. The heaviest sellers on the decline were Barnes and Judson, and their orders are generally believed to have come from the parties in control of the trust.

Attempted Suicide.
WHITEWATER, Wis., Sept. 27.—Mrs. M. C. Newcomb, a much-respected old lady of this place, attempted suicide yesterday by setting fire to her bedclothing. Her daughter was out of the house at the time, but returning found the bed ablaze. In extinguishing the fire the daughter was badly burned, while the mother's injuries are so serious that she can hardly recover. Mrs. Newcomb has been suspected of incipient insanity, but never before showed suicidal tendencies.

FOREIGN INTELLIGENCE.

A Halt Likely to be Called on the Excesses, Incident to Turkish Life, in Crete.**A Dutch Edit of the London Dock Laborers' Strike in Progress in Rotterdam—English Aid.****Thomas A. Edison Given the Grand Cross of a Commander of the Legion of Honor—Smith vs. Jackson.****TURKISH REVUE IN CRETE.**

LONDON, Sept. 27.—There is now good reason to believe that one or two of the all the Powers will interpose objections to Turkey's further oppression of the Cretans and call for a sweeping change in the administration of public affairs in that unhappy land. This action will be taken ostensibly because a community of alleged Christians are being persecuted by the officials of a Mussulman government, but really the circumstance furnishes the least of the reasons why the Turk is to be coerced into radically altering the methods which the Porte has governed the turbulent people of Crete. The Cretan Christian differs from his Mussulman neighbor only in the fact that he is an adherent of the Greek church and not the power of the prophet. In all other things the two are identical. The Christian Cretan cries out against the

CRUELTY OF THE MUSSULMAN.

but he is just as cruel, dishonest, crafty, brutal and as big an object of his aversion. He hates him because he is his master, though he would be equally tyrannical if the conditions reversed. It is true the people are taxed beyond the limit of their ability to pay, but this is also true of every people governed by the Sultan's malions as well as the inhabitants of more than one "Christian" country. The people of Crete would be much better off, and indeed in many European countries if they were not continually bogged on to conflicts with the public officials by the authorities at Athens, who

The True Way To Reach Boils

TO CURE Eczema, Pimples, and Eruptive Diseases of all kinds is to purify the blood with **Ayer's Sarsaparilla**. Until the blood is cleansed, there can be no permanent relief from these troubles.

"Four years ago I was severely afflicted with salt-rheum, the itching being so incessant as to seriously interfere with sleep. Painful scrofulous sores appeared on my neck and the upper part of my arms, and from there the humor went to my eyes. My appetite being poor, my health rapidly failed. I began to take Ayer's Sarsaparilla, and before I had finished ten bottles I regained my appetite, improved greatly in strength, and was permanently cured of the salt-rheum and scrofula. I consider that what I spent for this medicine was well invested. The Sarsaparilla has indeed done me incalculable good."—Mrs. Caroline A. Garland, Deerfield, N. H., (formerly of Lowell, Mass.).

"My little niece was afflicted with a severe cutaneous disease, which broke out at intervals and resisted treatment. At last, we tried Ayer's Sarsaparilla. This acted like magic. She is now entirely cured and has been in perfect health for several months."—Margaret Peyston, Clarendon, Ark.

"For a long time I was afflicted with salt-rheum, and could find nothing to relieve me. A friend recommended

And Carbuncles, take **Ayer's Sarsaparilla**. No other medicine produces such immediate and salutary results.

C. K. Murray, of Charlottesville, Va., was almost literally covered with boils and carbuncles. These all disappeared as the result of using only three bottles of Ayer's Sarsaparilla. This proves that the true

way to reach these troubles is through the blood. "It is now over six years," writes Mr. Murray, "since I took Ayer's Sarsaparilla, and I have not had a pimple, nor boil, nor a sign of one in all that time."

"Last May a large carbuncle broke out on my arm. The usual remedies had no effect and I was confined to my bed for eight weeks. A friend induced me to try Ayer's Sarsaparilla. Less than three bottles healed the sore. Another effect of this medicine was the strengthening of my sight."—Mrs. Carrie Adams, Holly Springs, Texas.

"I had a number of carbuncles on my neck and back, with swellings in my armpits, and was tormented with pain almost beyond endurance. All means of relief to which I resorted failed until I began to take Ayer's Sar-
